MEROPET

Meropet is the perfect solution for your veterinary clinic management needs.

Electronic Medical Record Management

Meropet allows you to easily manage your clinic's electronic medical records. You can quickly access patient information, diagnoses, treatments, and other critical data.

Each Visit Record Management and History Tracking

Meropet enables you to manage each visit record of your patient and keep track of their medical history for future references.

Lab Report Management

Meropet makes it easy to manage lab reports, including tracking sample collection and test results.

Client & Patient Record Management

Meropet's client and patient record management feature makes it easy to keep track of appointments, patient history, and client information, including contact details and billing.

Staff Activity Log Check

Meropet tracks and logs staff activity, providing transparency and accountability.

Vaccination and Next Scheduling Reminder

Meropet provides a vaccination and next scheduling reminder to your clients to ensure their pet receives timely vaccinations and follow-up visits.

WHY CHOOSE MEROPET?

Meropet is designed to help you streamline your workflow and enhance productivity, enabling you to focus on providing the best possible care to your patients. With Meropet, you can easily manage your clinic's operations and make data-driven decisions to improve your clinic's performance.

ABOUT OUR COMPANY

We are a leading IT company dedicated to driving innovation in the veterinary and poultry industries. Our team of experts is passionate about leveraging technology to improve animal health, welfare, and productivity. With our innovative software solutions, we help poultry farmers and veterinarians streamline their operations, reduce costs, and enhance their overall performance.
